

Cookies Policy

HOTEL GALAICO informs you that our website uses cookies and, as a consequence, uninstalling them will prevent the page from functioning properly.

Cookies are files that are downloaded to your computer when you access certain websites. Cookies allow a website, among other things, to store and retrieve information about the browsing habits of a user or their computer and, depending on the information they contain and how you use your computer, can be used to recognize the user.

The types of cookies used by this website are as follows:

- **Technical Cookies:** These are those that allow the user to navigate through a web page, platform or application and the use of the different options or services that exist in it, such as, for example, controlling traffic and data communication, identifying the session, accessing restricted access parts, remembering the elements that make up an order, carrying out the purchase process of an order, applying for registration or participation in an event, using security elements during navigation, storing content for the dissemination of videos or sounds or sharing content through social networks.
- **Personalization Cookies:** These are those that allow the user to access the service with some general characteristics predefined according to a series of criteria in the user's terminal.
- **Analysis Cookies:** These are those that allow the person responsible for them to track and analyse the behaviour of the users of the websites to which they are linked. The information collected through this type of cookie is used to measure the activity of websites, applications or platforms and to create navigation profiles of users of these sites, applications and platforms, with the aim of introducing improvements based on the analysis of the data used by users of the service.

The application we use to collect and analyze navigational information is Google Analytics www.google.com/analytics/ and <http://www.google.es/intl/es/analytics/privacyoverview.html>.

This application has been developed by Google, which provides us with the service of analysis of the audience of our page. This company may use this data to improve its own services and to offer services to other companies. You can find out about these other uses from the links below.

This tool does not obtain data on the names or surnames of users or the postal address from which they connect. The information obtained is related, for example, to the number of pages visited, the language, the social network in which our news is published, the city to which the IP address from which the users access is assigned, the number of users who visit us, the frequency and repetition of visits, the time of visit, the browser they use, the operator or type of terminal from which the visit is made.

We use this information to improve our website, detect new needs and assess the improvements to be made in order to provide a better service to users who visit us.

To enable, know, block or delete cookies installed on your computer you can do so by configuring the options of the browser installed on your computer.

You can find information on how to do this if you use it as a browser:
